

PROCEDURE FOR REGISTRATION AS ASSOCIATE/SCIENTIST

This is for Medical Laboratory Scientist's post-internship registration.

There are two steps

1. Present the following document for assessment at the Record's office
 - Internship appointment letter
 - Completed logbook, signed and stamped by hospital management
 - Degree result

2. After assessment
 - Pay registration and licence bill as prescribed
 - Submit evidence of payment to Record's unit staff
 - Fill and submit Scientist registration form
 - Fill and submit Association registration form
 - Indicate where and how you want to receive your licence (from the headquarters or any of the zonal offices, or through NIPOST)

NB: during the assessment, if any required/ essential document is not in your file, you will be informed to provide it for complete documentation.

PROCEDURE FOR REGISTRATKION AS A FELLOW

1. Scientist must be in good standing
2. Submit evidence of qualification as a fellow
3. Pay the prescribed fellow registration fees
4. Submit evidence of payment of fellow registration fees
5. Fill and submit the fellows registration form
